

Adobe ColdFusion eSeminar in Dutch - Wednesday, July 7, 2009

Posted At : July 7, 2009 6:45 PM | Posted By : Josh Adams

Related Categories: Flex, Adobe, ColdFusion, AIR

Join us as we present our first (well, if it's not the first, it's the first in a very long time!) Adobe ColdFusion eSeminar in Dutch! The topic is "ColdFusion Powered Flex Application Development" and you can find more details and register at <http://www.adobe.com/cfusion/event/index.cfm?event=detail&id=1345643>.

Note: if you are unable to attend or if you read this post after the eSeminar is over, be sure to **check the Adobe ColdFusion OnDemand eSeminars listing** to see if we have posted the recording there (no promises as to how quickly, but hopefully we will get the recording posted there when it is available).
